## The Push Is

Dear Member,

Russell is up on the Desert Specials running the dozer and preparing the ground for the next push which will open Saturday morning at 9AM.

In addition to the Push, we have other exciting activities scheduled for this week. They are as follows:

**Thursday, January 17 at 7PM:** Monthly 24K meeting.  
Topic of discussion will be "The Price Of Gold and Its Impact On Us".  
Snacks and coffee will be served after the meeting.

**Friday, January 18 at 9AM:** Class registration for the Fine Gold Recovery Workshop.  
The workshop will be held on the Devil's Nest Claims.

10AM: Travis Brown will be conducting a workshop on fine gold recovery. During the course of the class Travis, who invented the "Hex" and "Trinity Bowl" pans will be demonstrating them. This workshop will last about (3) hours and be complimented with large "panning tubs" for everyone's hands-on participation. Anyone wishing to contact Travis can do so by calling 1-800-617-5231 or by E-mail at Pro-Goldprospecting.com

*Elly says, "Prospecting for fine gold begins and ends with a pan. If you can't pan, don't call yourself a prospector!"*

**Saturday, January 19 at 9AM:** Opening of the Push Sites on the Desert Special Claims.  
Every time we push these claims we get an increase in the amount of gold recovered. We are getting off the overburden and into a richer pay dirt. We have had several provable reports of members finding nuggets on both of the sites on the Desert Specials.

We will be at the gate on the flats leading up to the claims at 8AM, so you can get checked in. We would like to be able to start up the hill to the sites by 8:45AM.

**Please, do not attempt to drive a 2 wheel drive vehicle up this trail. We have had several instances of delays caused by 2 wheel drives spinning and not making forward progress on the hill; there has also been some property damage to other vehicles caused by debris thrown from spinning tires. ATV's, and 4 wheel drive vehicles only.**

If you only have a 2 wheel drive, I would be happy to give you a lift up the hill and return you to your vehicle at the end of the day. I am sure there are other members who would do the same.

Gold is currently \$897.10.

Elly
