

## 24 K Update

Dear Member,

This has been a most stressful and confusing week for us here at 24K. I am late in letting you know that the push is on for **Saturday, March 15.**

**We will be dashing up the hill to the Desert Specials at 9am.**

There is some confusion in regards to the date as I was going to move the push to the following weekend, but learned there are other good activities going on out there and it would create a conflict for several members.

We will have some activities next week, but hopefully our dates do not conflict with the other activities.

Here is our schedule for **March and April of 2008:**

### **Saturday, March 15—9AM Push Opens**

Up the hill we go to the Desert Special claims.

A big, big thank you goes out to Mike McCarty for stepping in at the last minute to do the pushes. And they look good. Mike is the man who did our Super pushes last October, so you know these are good pushes.

The 11 inch coil restriction will be in effect Saturday only. This is a change from what the Coil rules has been. So remember, You can use your choice of coil from Sunday on.

### **Thursday, March 20—6PM Meeting and Potluck**

24K will provide the meat entrée (ham and turkey), members fill in with side dishes. There will be a brief business meeting at 6PM and the Potluck Dinner will begin at **6:30PM.** Non member guests are welcome.

### **Friday, March 21—8AM Outing To Our Claims at Lake Pleasant and Trail Ride**

We will meet in the parking lot at the Arrowhead Saloon between 8AM and caravan to our claims at Lake Pleasant (approximately 40 miles one way). These claims feature fine gold and lots of Arizona gemstones such as fire agate, peridot, and many varieties of crystals. There are 5 beautiful claims there.

**At 11AM** those who wish may accompany me on a 2 hour trail ride through the desert guided by Rusty Hastings, a lifelong resident of the area and a retired working cowboy who knows all the history to share with us. Please email me or call me (toll Free 866 713 0608 or locally 928 427 0011) to reserve a place on the ride. The ride groups are limited to 14 people, so you will need to get your spot early.

Pack your lunch and plenty of water for this outing. You will want to spend the day there.

**At 4PM** I will be returning to Congress, via a back road that is so spectacular in its beauty; anyone wishing to add to the enjoyment of the day should follow me on this road out. It is not paved but it is smooth and a 2 wheel drive will not have any problems. We will be going past the historic Castle Hot Springs. Bring your cameras.

### **Saturday, April 26— Last Push Of The Season**

This push will be done on the Devil's Nest Claims and all 5 sites will be excavated. The push will open at **9AM.**

See you on the hill!!

Elly
